PRICE: **\$350,000**

BED. 3 | BATH. 2

WEBB'S GROUND, NEVIS

Description

This charming 3 bedroom, 2 bathroom and chattel style villa sits on half an acre on the Eastern slope of Nevis about 650 feet above sea level. Built in 2002 and roughly 1,392 square feet in size, much thought was taken to create the typical, traditional Nevisian home. Solid foundations and stone work add strength but also beauty. Attention to detail with the use of local stone for the indoor and the outdoor bathrooms and kitchen counters along with Gingerbread woodwork throughout the home and handmade furniture give warmth to this special home.
